

TAGS USED	ATTRIBUTES USED	DESCRIPTION
<a>	--	Navigation links
<button>	--	Add song button
<table>	--	Displays song list
<thead>		Table header section
<H2>,<H3>,	ALIGN	
<div>		A general-purpose container used to group HTML elements.
<tbody>	--	Table header section .
<main>	--	Specifies the main content area of the webpage.
		Displays an image.
<footer>	--	Defines the footer section at the bottom of the page.

Final Outcome:

The screenshot shows a web-based music administration interface. On the left is a sidebar with navigation links: Dashboard, Songs, Artists, Albums, Playlists, Users, and Settings. The main area is titled "Dashboard Overview" and displays four summary boxes: Total Songs (25), Total Artists (10), Total Albums (8), and Users (120). Below this is a "Song List" table with two entries:

#	Title	Artist	Album	Duration
1	Shape of You	Ed Sheeran	Divide	3:53
2	Blinding Lights	The Weeknd	After Hours	3:20

The background of the dashboard features a vibrant photograph of a concert stage with bright spotlights illuminating a crowd of people with their hands raised.
